

# OUR FULL RANGE OF DRIED FRUITS & HEALTHY SNACKS

## Dried fruits with no sugar added

Experience the authentic aroma and flavor of real fruit. Our product is entirely natural, containing no added sugars or preservatives. The natural sweetness and chewy texture of dried fruit can satisfy a sweet craving while providing beneficial nutrients.

## Dried fruits – Low sugar

A chewy tropical classic. Our low-sugar process lets the vibrant, authentic taste of Cambodian fruits (mango, pineapple, Pursat orange, papaya, roselle) shine through.

Our brands, Misota and Oja, are currently offered in Cambodia, Japan, South Korea, France, and the United Kingdom. We also develop private label brands for clients in the United States, Australia, and various Asian nations.

- ✓ Nourish Your Body, Naturally
- ✓ Perfect for on-the-go energy or a quick treat.
- ✓ Supporting local farmers and agriculture.
- ✓ Caring for the land.

## Dried fruits – Spicy

Our dried fruits are reinvented with an exciting, savory twist. We blend the natural sweetness of our premium fruits with a generous dusting of chili and black pepper, creating a flavor experience that is both bold and beautifully balanced.

## Dried fruits – with chocolate coating

Each bite delivers the chewy texture of vibrant fruit, followed by a melt-in-your-mouth chocolate finish. It's an elevated snacking experience that celebrates the very best of Cambodia's agricultural heritage and the timeless indulgence of high-quality chocolate.

## Organic herbal tea

The cultivation of organic herbal teas in Battambang is deeply intertwined with the region's traditional Khmer medicinal practices. Thanks to its rich soil and established agricultural heritage, the province serves as an excellent environment for growing the various herbs and plants essential for these wholesome brews. These herbal teas not only provide a flavorful and natural drink but also contribute to health and wellness.

## Raw Honey

Our raw honey offers a taste of pure, delicious and healthful product sourced from bees that gather nectar from tropical wildflowers and forest blooms.

## Chocolate-coated cashew nuts

Taste the extraordinary with our premium Cambodian cashew nuts, a true delicacy born from the fertile soils of the Kingdom. Each buttery cashew nut is coated with delicious chocolate.
